

# Hijacked Cells!

## *Copy Instructions*

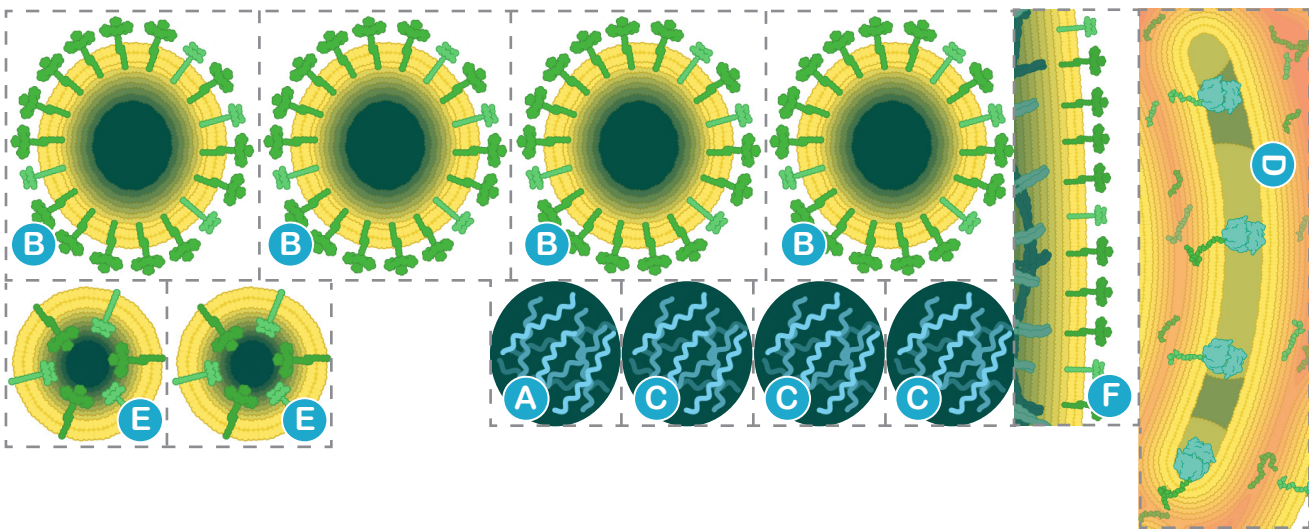

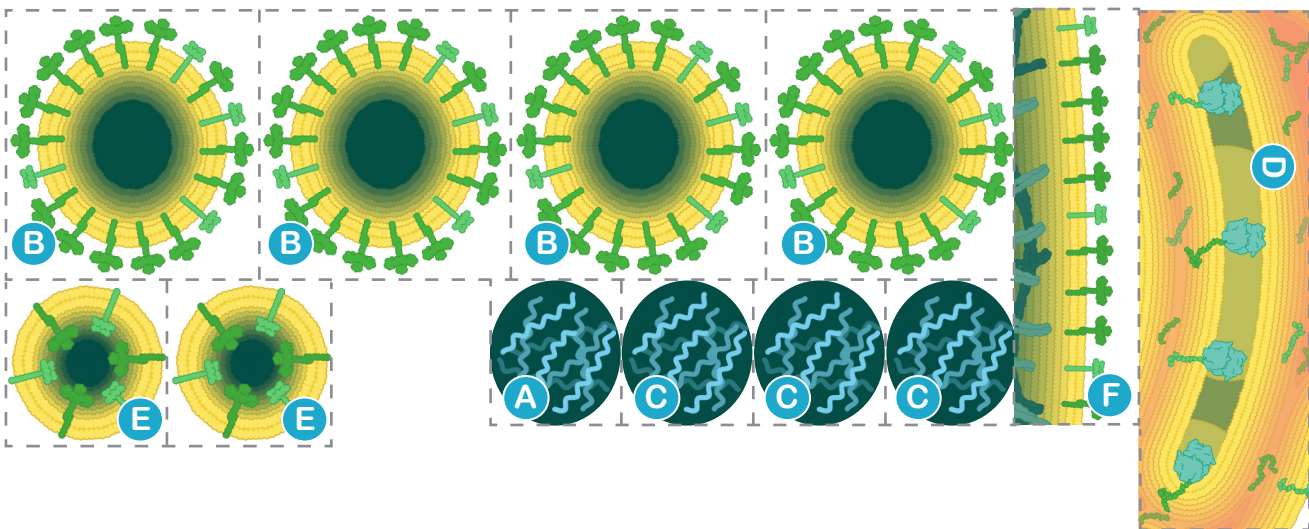

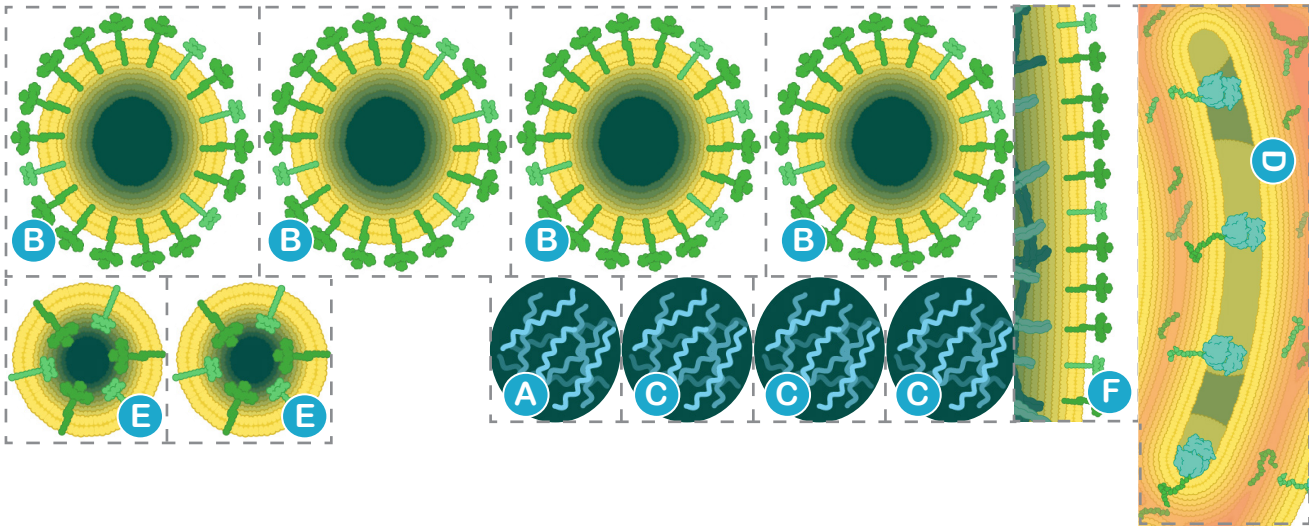

### **Make Single-sided Copies**

- This document includes cut-outs for 3 pathogen infections. Each pathogen infects a different specialized cell type. Note: *The influenza page has 3 sets of cut-outs.*
- Use the cut-outs along with the Mystery Cell Models.

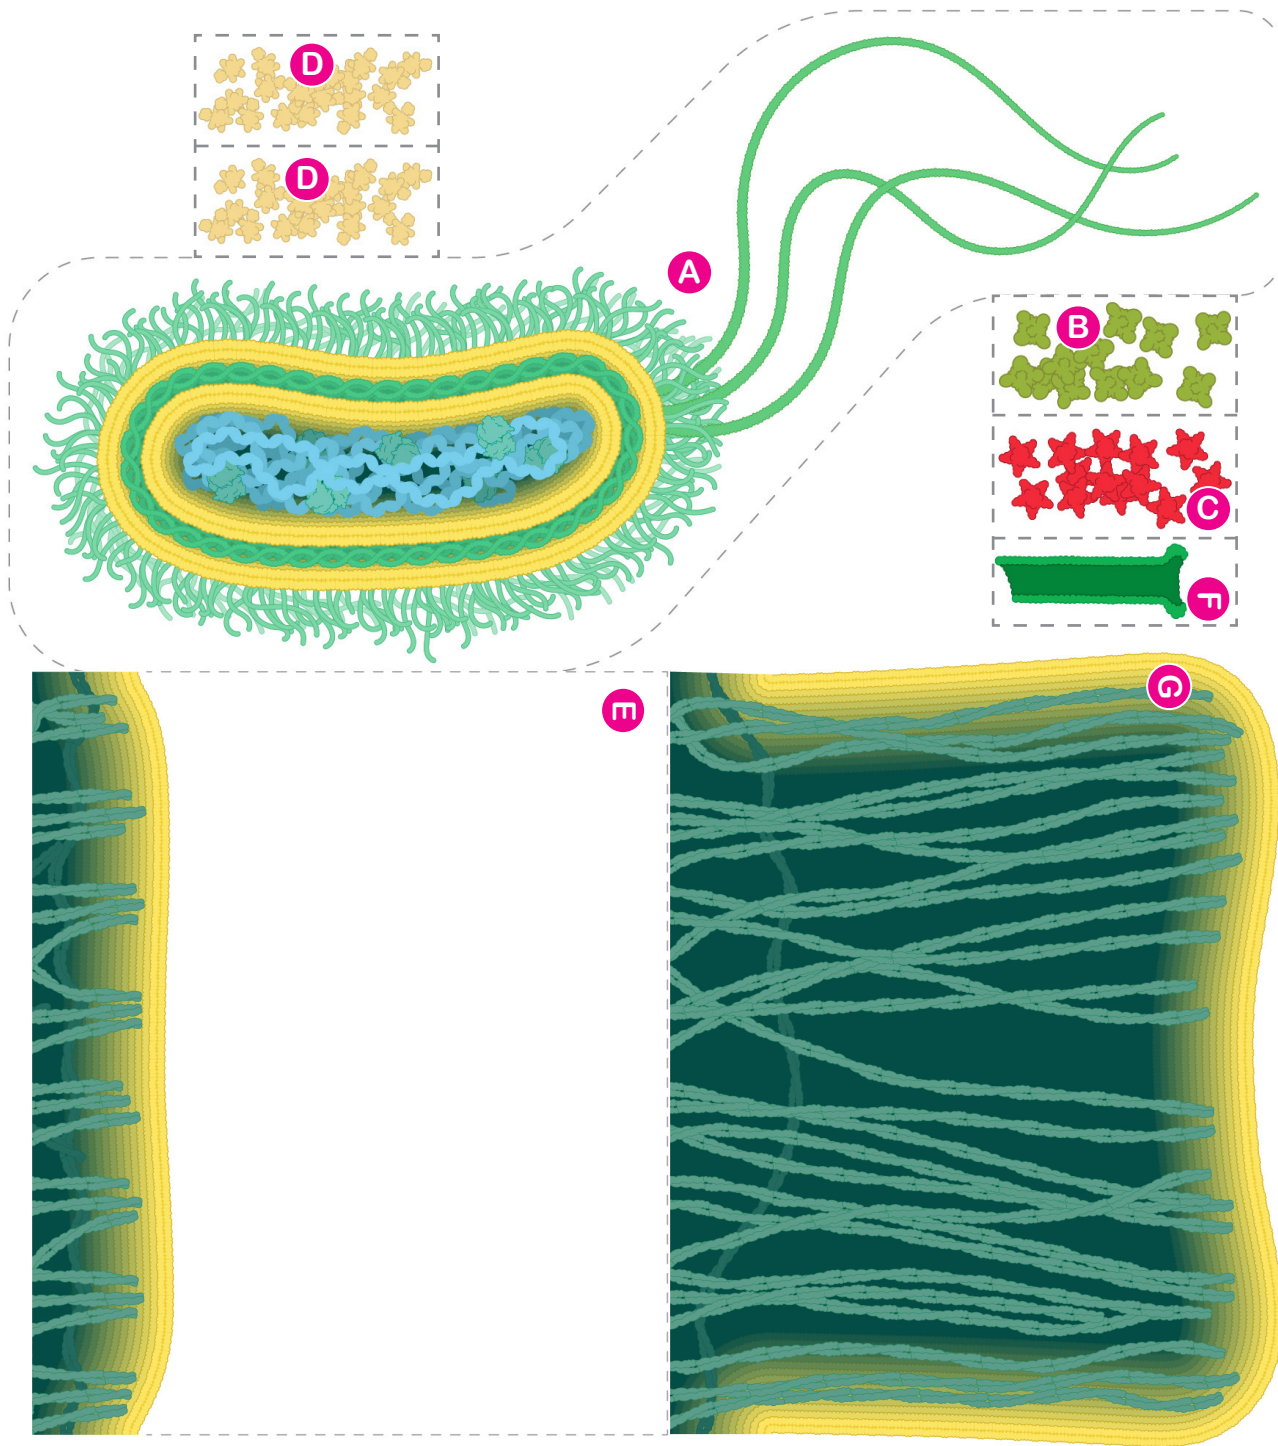

### **Tips**

- Print in color and laminate for re-use.
- Print each pathogen's cut-outs on a different color of paper, to make it easier to keep track of the sets of pieces.
- If at all possible, cut out the pieces ahead of time. This will save a ton of class time!

# Hijacked Cells! Influenza Virus Cut-outs

# Hijacked Cells! *E. coli* Bacteria Cut-outs
